Address: 16003 Turtleback Rd, 92127

President's Corner

The weather is usually a trivial topic of discussion, but when sunny San Diego gets hit with weeks of rain, downpours, and cloudy skies we all take notice. My yard almost became one giant puddle and I'm anticipating all the green and weeds that are about to grow, as I'm sure you are as well. Help the Architectural Committee out by keeping up on your yard without a reminder.

If you've been to the Club this past week you can't help but notice that the trellis patio covers over the picnic area and some of the pool decking has been taken down. This is the first step for upgrading the area, the trellis was about 30 years old and definitely had better days. With all the recent downpours there was increased damage to the trellis and it became unsafe so it was time to take it down. Until a new shade structure is built we will add a few more beautiful umbrellas around the pool and a canopy over the picnic/party area. Sometimes change seems to be so slow, but well worth the wait.

I'm looking forward to two more Community Clean Up days coming in March! We appreciate Teresa Backer for setting these up with the City. These will be the 2nd and 3rd Clean Ups for the year and complete the whole neighborhood. The dates are March 7th and 21st, Thursdays. Further information is attached to let you know what day your street is scheduled for. Time for me to check out the clutter in my garage and let it go!

Happy March.

Lorie Underwood

Community Cleanup Days

The last of the neighborhood **BULK PICKUP** cleanup days are in **March**. See below for the street listing for each day. **Pick up a flyer at the club house for allowable items and instructions of when and where to place your items.**

WINDROSE CT
WILLOWOOD DR
TURTLEBACK RD
BLAZEWOOD WAY
BLAZEWOOD PL
SILVER BUCKLE WAY
RED BUD CT

Architectural Corner:

With all the rain the good news is our water bills are cheaper, the bad news - we have to weed a little more :) Remember with the rain it is a great time to fertilize, the rain will help get the fertilizer down to the roots so your plants will be singing this spring. A reminder, architectural meets twice per month and *we are ready to review your upcoming exterior spring projects*. Print your Exterior Improvement Applications from the website or pick up at the office. We look forward to working with you soon!
