Here comes November and that means the Holiday Season is fast approaching. It seems life gets so busy with so much to be done and that's why I love that the whole busy time starts with Thanksgiving. We live in a great neighborhood, in the fine city of San Diego, with great neighbors. That alone is a good place to start a "Thankful List".

We continue working on projects at the Club and in the neighborhood as there is always something that can be improved. The Club building was repainted this month and is looking clean and bright. The Committee for Solar power use at the Club is moving along as is a deal for keeping the soccer field open and usable. And the Area C project, the patio covering by the pool and picnic area, is picking up again now that busy summer season is over. These projects take time so I'm grateful to our volunteers who spend their hours getting the work done and see to all the details.

An encouraging word to those whose yards are still suffering from the effects of drought and rabbits: it's never too late! Please take the time to make plans and now that the weather has cooled off spend some time in the yard. Even with a plan in mind, the weeds still need to be pulled, plants trimmed, and tidying done.

As we go into holiday time with the many different celebrations of different cultures, take a moment to really celebrate Thanksgiving. Take time to be grateful for the little things because they add up to some pretty big things. My neighbors and High Country West are certainly one of those big things for me.

Happy Thanksgiving,
Lorie Underwood
