President's Corner:

We are finally getting ready to turn the page on this month, and I am excited for all the impending changes and improvements! From the playground to the spa, additional facilities continue to open up at the club, luring us outside for some much-needed fun, and helping us all continue returning to normal. On another positive note, our City permits for the new Area C structure have finally been approved, which means construction is just around the corner! Just a reminder, with longer nights and the holidays fast approaching, there can be more mail and package theft. Please consider installing a locking mailbox; be sure to pick up your mail at the end of each day; and think about having your packages delivered to a drop box if you're not home during the day

As the 2020 High Country West board of directors (finally!) winds down their time in office, I leave feeling happy that we listened to our community -- to both new voices and those with a long tenure in the neighborhood. We made quite a few changes, we kept a lot of things the same, and we placed the safety and security of our High Country West neighbors above everything! Thank you to everyone who makes this such a wonderful place to live!

Regards, Julie

The club is operating on a partial opening and is by reservations only and no guests with the exception of one guest per court for tennis and pickleball play. Please refer to our web site for the details on the facility use rules.
